

REGISTRATION FEES

The forum registration fee is US\$ 600 (before October 15, 2015). This fee will include a set of the forum proceeding, banquet ticket, coffee break, and site tour programs. Registration fee for accompanying person and student is US\$ 250 (before October 15, 2015) and will include a set of the forum proceeding, banquet ticket, coffee break, and site tour programs.

	Pre-Registration	On-site Registration
Regular Participant	US\$ 600 (KRW600,000)	US\$ 700 (KRW700,000)
Student	US\$ 200 (KRW200,000)	US\$ 300 (KRW300,000)

* Registration fee for KSNRE 2015 fall meeting is included for Korean participants

** All price incl. V.A.T.

FORUM COMMITTEE

International Advisory Committee

Chair :

Hyungkee YOON (President, Korean Society for New and Renewable Energy, Korea)

Organizing Committee

Chair :

Heon JUNG (Dr., Korea Institute of Energy Research, Korea)

Program Committee

Chair :

Jae-ho YUN (Dr., Korea Institute of Energy Research, Korea)

SPECIAL ENTRY ARRANGEMENTS FOR THE JEJU ISLAND

• Eligible foreigners

Nationals of all countries except for the following 11 countries are allowed visa-free entry into Korea when entering Jeju island for tourism or transit.

-visa-required countries : Iran, Iraq, Sudan, Libya, Cuba, Syria, Macedonia, Palestine, Afghanistan, Nigeria and Ghana

- Duration of stay : Up to 30 days
- Permitted area / range : Jeju island
- Conditions of entry :
- Those who arrive directly into Jeju island by flights or ships

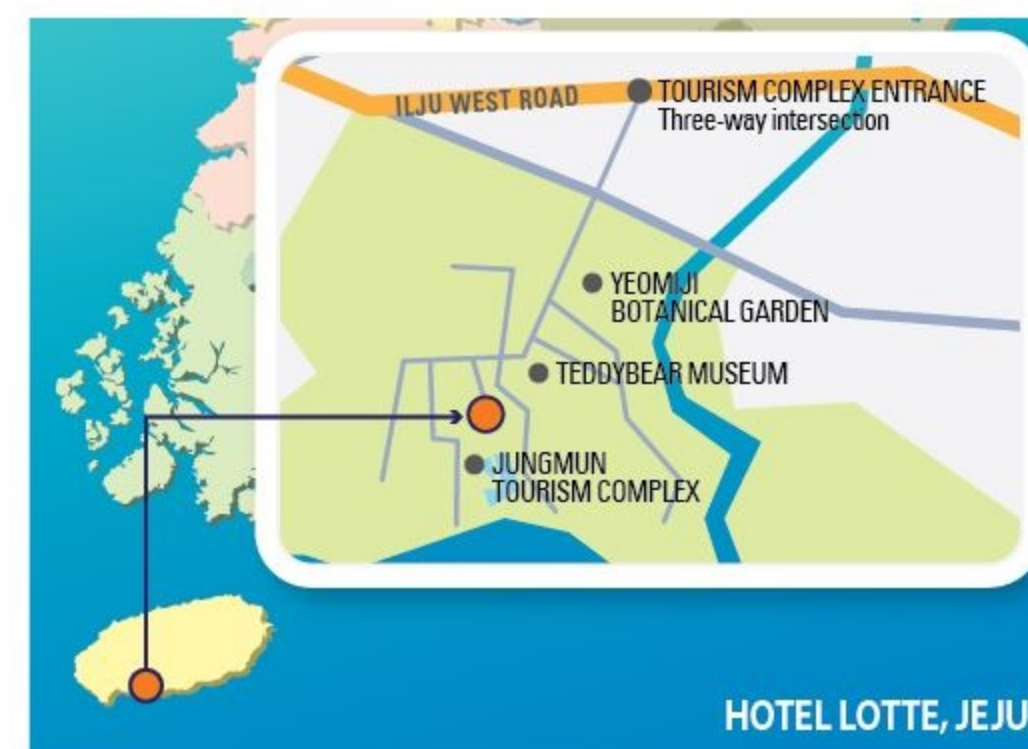

VENUE

The forum will be held at Lotte Hotel Jeju. The hotel Jeju is a luxury resort of Lotte Hotels & Resorts, opened in 2000 in the heart of Jungmun Tourism Complex. Hotel buildings are spread across mostly on a slope of land, granting a majority of the rooms a spectacular view of the charming gardens and the open sea. A block of rooms are reserved for forum participants at a special room price and reservation information will be announced later at the forum website. For hotel details, please refer to the hotel website.

HOTEL LOTTE, JEJU

AFORE 2015

5th Asia-Pacific Forum on Renewable Energy

4th(Wed.)~7th(Fri.) November, 2015

HOTEL LOTTE, JEJU, KOREA

Organized by :

Korean Society for
New and Renewable Energy

Co-organized by :

Chinese Society of
Engineering Thermo-physics(CSET)

China Renewable Energy Society(CRES)

Japan Renewable Energy Council(JREC)

World Renewable Energy Network(WREN)

INVITATION MESSAGE

As we live in the times when energy is becoming more important, we need to interact with others to find clever ways of providing cleaner energy at an affordable price. Previous Asia-Pacific Forums on Renewable Energy (AFORE) had provided a platform for that interaction among people working in all areas of renewable energy.

This year we go back to beautiful Jeju Island in Korea where the inaugural AFORE was held. We chose Jeju not only because it was recently selected to be one of new seven wonders of nature in the world but also for its journey to carbon-free island by utilizing only renewable energy sources. Therefore Jeju is the perfect place for the Forum where all the Renewable Energy interactions to take place. We are preparing to make this event more fruitful by providing a big arena for showcasing research results on renewable energy as well as energy policy, education, technology transfer and the business. Moreover, we want you to have some experiences to observe efforts of Jeju Island in diffusing Renewable Energy technologies.

On behalf of the organizing committee, I cordially invite you to AFORE 2015 to be held during November 4th to 7th, 2015. AFORE 2015 is organized by Korean Society for New and Renewable Energy (KSNRE). The Forum is attracting more and more participants from the Asia-Pacific region with 660 people in 2014.

Please come and enjoy sharing, learning and interacting during plenary talks, keynote speeches, oral sessions, posters, special sessions, dinners and the renewable energy site tour. We hope you to bring back home lots of new knowledge and good memories from Jeju.

Heon Jung, Ph.D.
Organizing Committee Chair of AFORE 2015

SCOPE

The main topic of this year's forum is "The renewable energy in the times of radical change of energy prices." The forum will be open for presentation and discussion of technical and economic research results, policies, strategies and business matters related to the following areas of renewable energy.

Renewable Energy

Photovoltaics
Solar Thermal
Wind Energy
Bioenergy
Marine Energy
Geothermal Energy
Small Hydro Power

Waste Energy & Utilization
Hydrogen & Fuel Cell
Low Carbon Technology
Policy, Strategy & New Business
Energy Storage System
Smart Grid
CCT & CCS

IMPORTANT DATE

Abstract	August 31, 2015
Notice of acceptance	September 15, 2015
Pre-registration	October 15, 2015
Full length paper(optional)	November 15, 2015

** For abstract submission, one of the authors should be pre-registered.

FORUM SCHEDULE

4 th (Wednesday) Nov.	Registration, Special Workshop
5 th (Thursday)	Opening Ceremony and Plenary Lectures Annual Forum Assembly Oral Technical Sessions (afternoon) and Banquet (evening)
6 th (Friday)	Oral Technical Sessions (whole day) and Poster session Award and Closing Ceremony
7 th (Saturday)	Tour (Renewable Energy Sites)

PLENARY & INVITED SPEAKERS

(To be announced)

LANGUAGE

The forum language is English.

ANNUAL FORUM ASSEMBLY

The organizing committee will contact each national representative to deliver a national report on its renewable energy status, the business environment, and the policy implemented in each country to share information among participating Asia-Pacific countries. Furthermore, international collaboration schemes for renewable energy technology transfer, business promotion and human capacity building will be discussed in detail. The assembly result will be reported as the official action plan memorandum. The assembly program schedule will be announced later.

CALL FOR TECHNICAL PAPERS

Submitted papers should not have been published previously. Paper selection will be based upon extended abstracts of 1 page length (400 words). They should clearly state the purpose, method and result of the work. The abstract and full length paper should be submitted via the forum website.

PRESENTATION

Oral presentation or Poster presentation

PROCEEDING AND JOURNAL PUBLICATION

Forum proceeding (abstract book) will be distributed at the registration desk. The submission of a full length paper is optional. For those who wish to publish their papers in international journals, full length papers will be subjected to the reviewing process. Publishing fees will be charged based on the policy of supporting journals.

INDUSTRIAL SESSION AND SPECIAL WORKSHOP

Industrial sessions to introduce the research and development achievement from companies or private sectors are welcome. In this case, one-page-length (400 words) abstract should be submitted until August 31, 2015.

Any kind of workshop, as a satellite forum, for international standard or specific technical field is greatly welcome. All special workshops will be treated as a part of the official forum program and the organizing committee would give full support to the workshop.
